PROJECTS

Bulletin Board Application

A sleek application build that utilizes CRUD operations using front-end as well as back-end integrations in the development process.

- Used ReactJS, Webpack, Node.js, Express, MySQL, Nodemon
- Login, logout, signup, post, delete, edit, administrative access and password encryption.
- CRUD operations allow users to create an account, create, edit, and delete posts.

EDUCATION

Bethel School of Technology

March 2019 – Oct. 2019

Woz U Full stack development program. Learned how to build robust web applications using JavaScript and React. Acquired skills to program using JS, build database-driven web applications using Node and MongoDB, and create richly interactive client-side apps using the JavaScript ReactJS library. Worked 30-60+ hours weekly on individual and team projects.

Christian Brothers University

Sept. 2005 – May 2009

Bachelor of Science in Business Administration. Developed skills in each aspect of the business sector.

EXPERIENCE

Creative Director, Love & Truth Ministries

April 2018 – Current

- Oversite on 6 campuses and their creative teams through web presence, graphics, social media, photography, videography, sound, lighting, marketing materials and campus decor.
- Manage, oversee & update ministry website and applications using Javascript, HTML5, CSS3, and Wordpress.
- Manage and assist in JavaScript API's for websites.
- Use JavaScript and HTML5 to update and create payment gateways for events on the site.
- Solve IT problems and other technical issues that arise in house and across all locations.
- Developed our online presence through pioneering the means necessary for live streaming our weekend services to Facebook & YouTube, and in-house streaming for ministry specific events.

Creative Director, Love & Truth Church Savannah

Aug. 2009 –

March 2018

- Developed and oversaw all creative elements for the church including graphics, videography, photography, social media, and production.
- managed the creative teams at this specific campus.
- implemented creative elements into the services as well as graphics for print and social media advertisement.
